Membership Nomination Form (continued)

In addition to this form, the following documents must be uploaded as PDFs to complete the nomination:

- **NIH-style biographic sketch** (5-page limit), following the current format available at: <http://grants.nih.gov/grants/forms/biosketch.htm>
- **Full academic curriculum vitae, including full bibliography (with original research separated from other types of publications) and invited lectures.**
- **PDFs of the 3 publications in Section 2 following.**

1. Seminal contribution

Summarize the nominee's defining seminal contribution(s) and why this work forms the basis for your nomination (**75-word limit**).

2. Most significant publications

- List the nominee's 3 most significant publications, excluding those representing work done by the nominee as a trainee, and provide annotation for each (**limit of 50 words**) describing the publication's key findings and significance. Present authors in the original publication sequence, with the nominee's name in capital letters, followed by numbered notation of the nominee's role in parentheses (1, collaborator; 2, principal investigator), title, journal name, volume, inclusive page numbers, and year. For example: John Q. Public and JANE DOE (1). Title. Journal. 1:1-10 (2015).
- Provide PDFs of these 3 publications.

3. Proposer's general statement on the nominee

In your own words (**500-word limit**), describe the quality, originality, and impact of the nominee's scientific work and the consistency and importance of the nominee's research theme. Include a statement on the level of independence from the nominee's mentor(s) and the nominee's productivity and stature in the field.

4. Statement on progress and development since previous nomination.

In your own words (**500-word limit**), describe the critical differences between this nomination and the previous nomination. (**Only complete for re-nominations.**)
